- Python

SUMMARY

Highly motivated software engineering student with a strong skill set. I'm passionate about using technology to empower individuals and organizations, and I'm committed to continuous learning in the IT sector.

I'm focusing on helping individuals who lack online portfolios to showcase their work. I see a great need in this area and believe technology can bridge the gap for many talented people.

WORK EXPERIENCE

Cashier

May 2022- Sept 2022

Equity Bank Limited, Kisumu

- Responsible for processing customer transactions, including deposits and withdrawals. I handled these tasks with a high level of accuracy and attention to detail, ensuring that all transactions were processed correctly and securely.
- Contributed to the smooth operation of daily banking activities and ensured customer satisfaction through attention to detail and commitment to accuracy

Web developer

2024 - PRESENT

Freelancer, Nairobi

I excel in creating captivating online portfolios, leveraging intuitive design to effectively communicate individuals' professional identities

VOLUNTEER WORK

Touch a life Foundation

2023 - PRESENT

- As an organizer at Touch a Life Foundation, I collaborate with a team to plan and execute community outreach programs, fundraising events, and educational workshops.
- My role involves coordinating logistics, engaging with volunteers and participants, and promoting the foundation's mission of making a positive impact in the community.
- Through volunteering, I have developed leadership skills, teamwork abilities, and a passion for giving back to society.
